

How we organise ourselves

Central Idea

Children globally have basic rights and responsibilities.

IN THE CLASSROOM

Unit Of Inquiry:

In yr6 we are reading a book in book is about a boy called Iqbal factory. We are reading this idea is about children's rights. needs to be patient. In UOI we about children's rights. Our a PowerPoint with general children's right and a case study on a specific child who doesn't

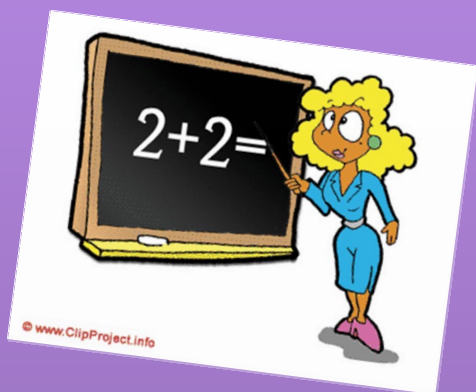

Its still done all by ourselves.

class for 6 weeks. The that worked at a carpet book because our central Iqbal is a brave boy but he are currently learning assignment is to complete information of our

Maths:

In maths we have learned "big headed fractions". We have also been playing a game called "Snakes". Year 6g are up to their 12 times table. Maybe tomorrow we are going to do the 13 times table. In maths we have been doing lots of fractions such as: equivalent fractions,

have that right. We have till the end of this week to finish the PowerPoint and next week on Monday and Tuesday we will present. Year 6 have been working on a PowerPoint presentation. The presentation is for our summative assessment. We are doing the presentation in pairs and it is about children's rights so we need to find a person who doesn't have one of the rights a child should have and research about the person. The presentation will be presented next week.

Language:

Last week in language we were learning strong verbs in class. First we did not know what they were but after when Mr. Glover showed us we understood what strong verbs

are. Strong verbs are what characterise the verb. When Mr. Glover is explaining he likes to do some mimes to make the lesson funny and to help us understand. We are doing sheets about lots of things like nouns, adjectives, adverbs and opposites. We do the exercise in our language books and then hand them in the next day.

improper fractions, mixed fractions and so on. I would say that fractions are my favourite thing to do in math. We have learned how to make a mixed fraction into an improper fraction. Now what we are doing is understanding how to tell which is the smallest fraction we have been doing it the long way by making pizzas or pies. In 6G we play maths games in class every Thursday .Each table has to rotate to another game every 20 minutes. We play some fraction games, multiplication games and division games. We play these games to have fun and learn lots of maths.

EVENTS:

In Year 6:

Last Week:

Last week we finished the sketch of ourselves that took us almost one month. It was a very hard thing but it was easy when we drew it step by step. At last we drew a big picture of ourselves. Great job ISLQ! We got 5th place in indoor athletics held at Qatar Academy. Well done Sagar, Sam, Nikola, Essa, Abdullah, Lynn, Nina, Sarah, Ilayda and Talya from years 5 and 6.

Events

In Yr6 Continued

This Week:

We are in the final stage of our PowerPoints on children's rights like food & water, child labor and child soldiers. We have to finish and present it on Monday and Tuesday. Some are even going to present it in the assembly which is really good. We had to chose a topic then research it with a partner. On Wednesday, 6G played a big match of Australian league rugby against 6R. 6R won against both boys and girls.

Next Week:

We are going to Aspire because the Qatar Music Academy invited us. We are going Wednesday October 27 and we will see so many kinds of nice instruments and all the years 4, 5 and 6 are going. We want to learn about Arabic Instruments. The experts will teach a little bit to us too! We are really excited.

It is going to be Mrs. Williams's birthday. She is our class assistant and we all think she is super duper great! HAPPY BIRTHDAY!!! We hope you have a lovely year.

Events

In the community:

Last Week:

The Al Rayan vs AL Gharafa match was a very interesting game which became a draw at the end - it was 3-3. There was also a big fight between the supporters of each side and the riot police had to come and calm the situation down.

Next Week:

The new cultural village is opening next week and there will be a grand opening.

Next week from the 26th of October until the 30th of October the Women's Tennis Championship is going to be here.

Events

In ISLQ:

Last Week:

Last week the after school activities started and lots of students liked it! All the after school activities are fun. They are on Mondays and Wednesdays.

This week:

This week Mrs. O is packing her instruments and other stuff in her room. She will be moving to the other class downstairs. Yr4 had an amazing and fun trip to the cultural centre from 8:00 A.M until 12:30 P.M.

Next week:

Next week, on Thursday, will be the teachers professional day. It will be on Thursday and we won't have school. It will be a day off for us and the teachers will stay at school to learn how to be good teachers and learn new things like us students do.

REMINDERS:

Don't forget!
Don't forget to bring a hat and a water bottle to school. It's hot outside. Treat others the way you want to be treated. Remember to come to school with a good behavior and a "ready to work" brain.

Homework

Your children should have it written down in their homework dairy. If they have not you can also check on the wiki. Your children should read for thirty minutes a day. Home work is an important thing to complete if you would like a successful future. If you want to be good do your homework. Please help your child if they have a problem.

Reminders Continued

Bringing in a hat will be very helpful for you.

Please bring in your PE clothes on PE days.

Bring water bottles and hats to school because the weather is hot.

Don't forget your recorders.

P.E.

On the 20th of October 6r and 6g played in PE against each other and unfortunately 6R beat 6G by scoring more than 12 goals. We played this match in the gym at 7:30 to 8:30.

P.E days are on Sundays and Wednesdays.

In P.E. we are doing Australian football. We learned a lot of ways to pass the ball; we learned how to kick the ball and we learned some rules. On Sunday the teacher said that next week we will have an assessment about what we learned. We will have another lesson to practice on Wednesday and on Sunday will be ours assessment.
We have to wear the right shoes for P.E.

OTHER ITEMS OF INTEREST:

I can't believe it! Qatar moved up to the first richest country in the world and everybody that watched the news must be talking about it!!
